WHY YOUTH COACHING?

You are 15 years of age or older and have lots of questions ...

- > Should I continue with school or take up an apprenticeship?
- > What job interests me?
- > Where do I need support?

Youth Coaching can help you to find the answers to these and other questions.

... **IT'S WORTH
GIVING IT A SHOT**

WHAT IS YOUTH COACHING?

Youth Coaching is an assistance programme for young people at the end of their mandatory schooling or after they leave school.

- > You get to know your personal skills.
- > You discover your professional interests.
- > You get information about other possible schools.

... **YOUTH COACHING IS
FREE AND VOLUNTARY**

HOW DOES YOUTH COACHING WORK?

Youth Coaching can take place in 3 stages. How long the advice lasts depends on your questions. Your parents or people who are important to you can also be involved in the advice.

Stage 1 – Initial chat

This is where you get general information. If you need more support, you can this in stage 2 or 3.

Stage 2 – Advice

This stage gives you a little more time to clarify the following questions:

- > Do you want to continue going to school?
- > What job interests you?
- > Is there anything that makes it more difficult for you to learn or work?

Stage 3 – Support

This stage can last up to one year.

- > You can get practical experience in the world of work and
- > you get a report with recommendations for your future.
